# VI STØTTER MORGENDAGENS HELTER

Statoils suksess skyldes i stor grad mennesker med evne og vilje til å tenke annerledes, med mot til å forsøke å gjøre det umulige mulig og med kompetanse og utholdenhet til å jobbe hardt for å oppnå enestående resultater. Skal vi lykkes i fremtiden trenger vi flere slike mennesker. Ikke bare vi, men også samfunnet vi lever i og av. Vi kaller dem morgendagens helter.

Til glede for dem selv og alle oss andre.

### Life Is A Musical

Live your life like it's a musical  
Drama, trauma - take it all  
But when the curtain falls, don't leave us sad  
Teach us something great, but make us glad

### The Dream

Shouldn't have to walk alone  
Shouldn't have to sing your songs in silence  
Find the place where you belong  
And purple rain will turn your tears to diamonds  
Purple rain turn tears to diamonds

Never really good  
At anything I tried  
Never really bad, I guess  
Just never ever thrived at anything

But when I wrapped my fingers 'round  
The neck of that guitar  
A chord was strung inside of me saying  
I'm gonna take you far away

Go-na-ta-keyou, go-na-ta-keyou, go-na-take-you  
Go-na-take-you-far-a-way  
Go-na-ta-keyou, go-na-ta-keyou, go-na-take-you  
Go-na-take-you-far-a-way

So I practice everyday  
And I practice every night  
And I study all the classic song  
And the songs that I wanna write  
But my feet are just too small to walk  
In any other's shoes  
And expectations far too big  
Is a game that you're bound to loose

So still I'm writing songs  
That no one's gonna hear  
And everytime that chord is strung inside I shed a tear

But one day  
I'm gonna hit the highway  
I'm gonna do it my way  
I'm gonna turn these tears to diamonds  
One day  
I'm gonna hit the highway  
I'm gonna do...  
Everything I can to join a band 'n' get out of here

He is gonna join a band  
Go on tour across the land  
Gonna set his ship asail  
Gonna be a fairytale

He is gonna seize the world  
He is gonna please the girls  
Singing on a sweet refrain  
Laughing in the purple rain

Doesn't have to be fancy  
Doesn't have to be grand  
I'd be happy to travel  
In the back of a van

I just wanna start living  
Be a part of a team  
I just wanna start giving  
Wanna start live the dream!

Shouldn't have to walk alone  
Have to walk alone  
Shouldn't have to sing your songs in silence  
Sing your songs in silence  
Find the place where you belong  
Find where you belong  
Where purple rain will turn your...  
Tears to diamonds

### Perfect Stranger

And if I'm only dreaming I never wanna wake up

I was lost for a long time  
I don't think I even realized...  
But in this mode of the road I'm  
Exactly where I dreamed of

Now I'm all yours  
Now & tomorrow & always  
And I'm not going home  
Anymore

We'll play El Ray in LA tonight  
And head out to Jerry's in Santa Monica  
And when the sun rise, shining bright  
We'll take a drive on the Pacific Coast Highway

Now I'm all yours  
Now & tomorrow & always  
And I'm not going home  
Cause I haven't got one anymore

Like a rebel with a cause  
Now & tomorrow & always  
Life with no remorse  
The old me seems like a Perfect Stranger

And if I'm only dreaming I never wanna wake up

### The Underground

You only live twice  
Tomorrow never dies  
You'll only live twice  
If you live through the night

Come take a ride to where dreams are made up  
Take a ride to where nothing's played up  
Come take a ride to where dreams are made up  
Played up, payed up

Hit us with those laser beams

You don't know where you're going?  
Don't know what you're gonna do?  
Hear how it's blowing  
This is the sound of the underground

Do you live for tomorrow  
Do you live for the night  
Hear how it's growing  
This is the sound of the underground

You're going out  
The city will inspire you to  
Dance to the sound of the underground  
You're going out  
There's nothing that you can't do so  
Dance to the sound of the underground

Know where you're going?  
Know what you gotta do?  
Hear how it's blowing  
This is the sound of the underground

Live for tomorrow  
Live for the night  
Hear how it's growing  
This is the sound of the underground

You're going out  
The city will inspire you to  
Dance to the sound of the underground  
You're going out  
There's nothing that you can't do so  
Dance to the sound of the underground

You're going out  
 If you really wanna make it through  
 Just dance to the sound of the underground  
 You're going out  
 It's gonna make you feel brand new  
 So dance to the sound of the underground

All wrong  
 All wrong  
 All wrong  
 All wrong  
 Alright

Get your body on the floor tonight

All wrong  
 All wrong  
 All wrong  
 All wrong  
 Alright

Get your body on the dance floor tonight

Dance to the sound of the underground

Dance till the world's spinning round & round

You're going out  
 And you better let it show so  
 Dance to the sound of the underground  
 You're going out  
 And you want the world to know so  
 Dance to the sound of the underground

### Bad Boy

Hey, teacher - leave them kids alone  
 Hey, teacher - leave them kids alone

Not everybody needs an education - thought control  
 With the force, don't - don' stop 'til you get enough  
 Does anybody in this congregation miss anything at all  
 With the force don't - don' stop 'til you get enough

U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 What's puzzling you is the nature of my game  
 U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 Confusing you is the nature of my game

My daddy flew across the ocean  
 Left a memory  
 With the force don't - don' stop 'til you get enough  
 Some snapshots in the family album's all he left for me?  
 With the force don't - don' stop 'til you get enough

U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 What's puzzling you is the nature of my game  
 U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 Confusing you is the nature of my game

Sinners are saints  
 Every cop is a criminal  
 In need of restraints  
 Every sinner's a saint  
 Call me Lucifer

Hey you, make a move  
 Whatcha gonna do when they come for you  
 Bad boy, make a move  
 Whatcha gonna do when they come for you  
 Caught stealing  
 It's just a simple fact  
 Whenever you want something,  
 You don't wanna pay for i-it  
 You have been caught stealing  
 It's just a simple fact  
 Cause when you want something,  
 Then you don't wanna pay for it

I stuck around, stuck around St. Petersburg  
 Because when I saw it was a time for ch-change  
 It was a time for change

U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 What's puzzling you is the nature of my game  
 U-hu  
 I am pleased to meet you  
 Hope you guessed my name  
 U-hu  
 Confusing you is the nature of my game

When you were eight  
 Had bad traits  
 Went to school

Where you learned the golden rule  
Act a fool  
If you're hot, must get cool  
Then you learn the golden rule  
When you're eight  
Had bad traits  
Went to school

Sinners are saints  
Every cop is a criminal  
In need of restraints  
Every sinner & saint  
Call me Lucifer

### Give It Up

She Shot You Down Like an Animal  
Give it Up  
Wanna Live Your Life Like a Romeo?

Hush, Don't You Cry  
Live and Let Die  
Spread Out Your Wings and Fly

Try to Keep Your Feet on the Patio  
Give it Up  
Wanna Show Perrineau Your Mercurtio

Hush, Don't You Cry  
Live and Let Die  
Spread Out Your Wings and Fly

Cause the Strong Shall Thrive  
While the Weak Will All Perish  
Only Those Fit Survive

You Gotto Live by the Game  
You Gotto Live by the Rule  
You Gotto Know Your Means and Your Moves  
You Gotto Hold up Your Guard  
You Gotto Hit Quick And Hard  
You Gotto Know When to Hold or Fold Your Cards

We'll Hook You Up With an Enema  
Give it Up  
And Don't Stop Till You Get Enough

### Amarillion

I wanna hold your hands tonight  
I wanna walk you home from school  
I wanna take you on a date  
I wanna treat you like a fool

Now don't you worry about me  
New romantic  
I wouldn't worry 'less she'll agree

I wanna hold you in my arms  
I wanna squeeze you good and tight  
I wanna fly you to the moon  
I want to dance with you all night

Now don't you worry about me  
New romantic  
My good intention, you'll see, is authentic

'Cause I know loving ain't easy  
Although it's easy on the eyes  
Both when appalling and pleasing  
Love is alright

Take me on, Amarillion  
Take on me, Amarillion

I wanna hold your hands tonight  
Must have been something she said  
I wanna walk you home from school  
Ch-ch-changes  
I wanna take you on a date  
Cut away thoughts with the one armed scissor  
I want to treat you like a fool  
He's gonna treat her mean and cool

Now don't you worry about me  
New romantic  
My good intention, you'll see, is authentic

'Cause I know loving ain't easy  
Although it's easy on the eyes  
Both when appalling and pleasing  
Love is alright

Take me on, Amarillion  
Take on me, Amarillion

Take me out, Amarillion  
Take me in, Amarillion

**Catcher in the Rye**

Where do you come from  
Where are you going  
What is your fear  
What's your dream  
Your disillusion  
What's your solution  
Or don't you care

What do your folks do  
What's their religion  
What is your past  
Do they know your situation  
The tribulations  
Now, will this last

I don't wanna be no hero  
I wouldn't care to wear a halo  
So where to go I don't really know  
Don't even wanna be a catcher in the rye

Where are you going  
Where do you come from  
What is your fear  
What's your dream  
Your disillusion  
What's your solution  
Or don't you care

I don't wanna be no hero  
I wouldn't care to wear a halo  
So where to go I don't really know  
Don't even wanna be a catcher in the rye

So you're leaving us, eh?  
Dropping out of school  
Life is a game, you know  
That one plays according to the rules

I don't wanna be no hero  
I wouldn't care to wear a halo  
So where to go I don't really know  
Don't even wanna be a catcher in the rye

Life is not supposed to be an occupation  
Seize the day, that way you'll rise to the occasion  
Never asked to be a part of our equation  
I'm getting down with profound liberation  
I don't really know just who to be  
Give it time and I guess we'll just see  
Don't you know it's the land of the free  
I'm a gonna leave whether you do or don't agree

I don't wanna be no hero  
I wouldn't care to wear a halo  
So where to go I don't really know  
Don't even wanna be a catcher in the rye

**Fa Fa Fa**

I need a shot  
I need a shot of ambition I need a hit  
I need a hit of nutrition  
I need a fix  
I need to fix my ignition  
If you wanna whip me into shape  
I need a plan and a mission

Cause I'm on a ride fast going nowhere  
And I left my pride in the past  
I'm on a ride fast  
To where I don't care

I need a shot - shot!  
I need a shot of ambition  
I need a hit - hit!  
I need a hit of nutrition  
I need a fix - fix!  
I need to fix my ignition  
If you wanna whip me into shape  
I need a plan and a mission

Cause I'm on a ride fast going nowhere  
And I left my pride in the past  
I'm on a ride fast  
To where I don't care

Fa Fa Fa Fa Fa Fa Fa Fa

**California**

We need to get out of here  
Hey!  
Not just saying anywhere  
Hey!  
Gotta go where the sky is blue  
Alright!  
That is what we're gonna  
Alright!  
We'll go to California

California  
We'll head off to the place where every day is like a night out  
California  
Alright!

We are getting out of here  
Hey!  
Ain't just going anywhere  
Hey!  
Gotta go where the sky is blue  
Alright!  
That is what we're gonna  
Alright!  
We're going to California

California  
We're heading for the place where every day is like a night out  
California  
Heading for a place where everybody's gonna embrace us  
California  
Spread our wings and learn to fly  
Cross our hearts and hope to die  
California  
...cation's gonna be alright

California  
When all the leaves are brown  
And the sky is gray  
California  
We wont just dream that Californian dream  
We'll live the Californian way  
Turning right on a red light

California  
We're heading for the place where every day is like a night out  
California  
Heading for a place where everybody's gonna embrace us  
California  
Spread our wings and learn to fly  
Cross our hearts and hope to die  
California  
We're gonna take off to the promised land  
Can we do it?  
Yes we can!

### Computer Camp Love

I ran into her at Computer Camp  
Was that in '84?  
Not sure  
I had my Commodore 64  
Had to score  
Not with that tutor tramp?  
She's not a tramp  
Her name is Judy  
That's a nice name  
Yeah, she's a nice girl  
Big deal, did you get in her pants?

She's not that kind of a girl, Bogger  
Why?  
Does she have a penis?  
Senus Suprenus  
You better know she's a Genius and a Venus  
Tell me more  
Was it love at first sight?  
That's right  
This was God given grace with a face you could praise  
Tell me more  
Did she put up a fight?  
I don't think so...  
But before we tour the core in store let's all explore amore  
Computer Camp Amore!  
That's right  
I say before we explore the amore of my story do adore...  
Computer Camp Amore  
Senus Suprenus  
You better know she's a Genius and a Venus  
Tell me more  
Was it love at first sight?  
That's right  
This was God given grace with a face you could praise  
Tell me more  
Did she put up a fight?  
I ran into her on Computer Camp  
Computer Camp Amore  
Hard core! It stared like bore ending up on the floor  
Computer Camp Amore  
Senus Suprenus  
You better know she's a Genius and a Venus  
Tell me more  
Was it love at first sight?  
That's right  
This was God given grace with a face you could praise  
Tell me more  
Did she put up a fight?

### I Used To Dance With My Daddy

Put your hands on the phone  
Dial the number  
See that you're free to be carrying on  
When you're gone  
We'll succumb  
And let the rhythm take control and move along  
Alright!

It's a thing that you sing when you don't wanna ring  
One of the people that you see downtown  
Who's a real clown  
You wanna go to the show  
Although it's a slow mo

I used to dance with my daddy

Put your hands on the phone  
Dial the number  
See that you're free to be carrying on  
Race with the pace of the people who stays  
That's a base that always OKs  
Alright!

It's a thing that you sing when you don't want to ring  
One of the people that you see downtown  
Who's a real clown  
You want to go to the show  
Although it's a slow mo

I used to dance with my daddy

### Minneappolis

Won't you take me to  
The city that never sleeps  
Won't you take me to  
The city that's always turned on  
Won't you take me to  
The city of angels  
Won't you take me to  
The city that rocks

Life used to be a bore  
Now my life's finally worth living  
Love life on tour

Won't you take me to  
The city where what happens stays  
Won't you take me to  
The city with Sol  
Won't you take me to  
San Francisco  
Won't you take me to  
The Mini Apple

Life used to be a bore  
Now our live's finally worth living  
Never know what's in store  
Today, tonight, tomorrow never sleeps  
Life used to be a bore  
Now our lives worth living
